Peer Tutoring 2014

The Peer Tutoring Program has continued into 2014 with the Year 10 students doing a fantastic job as tutors while Year 7 complete literacy and numeracy activities. These 2 year groups are working on comprehension and problem solving this term.

The school’s NAPLAN results have shown, over the last 3 years, that this program is very effectively supporting the in-class learning with students showing significant improvement between Year 7 and Year 9, particularly in literacy. These improvement results are the best for any school in our area. Another benefit of this program is that the relationships between the students in these two groups have been further developed and this is of great benefit for the tone within the school.

At the end of Term 3 Year 9 will do their training to become the tutors in the next year’s program. The training day has been set for the 16th September and we are planning to work at the Golf Club between 9:00am and 12:25 pm. Mrs Rodwell and Ms Harris will conduct the training and Ms Deighton will organise a special morning tea.

Luncheon for Year 10.

A luncheon was organised for Year 10 Peer Tutors last term at the RSL to celebrate these students’ achievements over the past year. Johnno and his team provided a very enjoyable buffet and the students conducted themselves very well in this formal dining setting.

Present at the luncheon were the Deputy Mayor of Bombala, Brad Yelds, the Relieving Principal, Mr Atkinson, and the staff involved in this literacy and numeracy program, Mrs Rodwell, Ms Harris, Ms Deighton, Ms Clark and the person who efficiently organises all the many pages of paper required, Mrs Caldwell.

The Peer Tutoring Team would like to thank the school executive for funding this program and also the teaching staff that support this program by being involved with supervision.
