Teri’s Sport and Recreation Work Experience

I recently did my Work Experience at Jindabyne Sport and Recreation Centre, working as a program teacher for the week. The school that was on the camp that I helped run was Forrestville Montessori School, from the northern beaches of Sydney.

I arrived Monday morning, all excited for the week, to find out that I had several hours until the students got there, so I had to repair the many arrows that were broken. I added notches, added fletching, fixed the tips, all until there were no arrows left to fix. By this time it was lunch and I went to the kitchen and had lunch before all of the students arrived. Later that afternoon, after all of the introductions and formalities, I was sent with group A to help with rock climbing. I had to put on one of the harnesses to show the students how to, and then I was sent up the wall to show the correct technique for rock climbing. I came back down and for the rest of the afternoon I kept the students from climbing where they shouldn’t.

Tuesday morning came around and I was sent away with group B to help with the slider trikes and archery. I, again, had to show the right technique for these activities, getting laughs from everyone as we realised that none of the helmets fitted my head! We then went from our small break into our afternoon cookout. For this we had to build campfires and then cook our lunch on them. It was all a lot of fun for the students, getting coal all over their faces and I was not allowed to go anywhere until they covered my face as well.

The next day we did an alpine walk from the top of Thredbo to what was (intended to be) Mt. Kosciusko. We didn’t quite make it that far, we walked outside from our morning tea break to find that it had started snowing, so we packed up our things and took the chairlift back down to the bottom. We spent the afternoon participating in a mini-olympics, and other small games.

On Thursday we repeated some activities so that all of the children had a chance to take part in all of the activities in which they were interested. The flying fox was on the program for Friday morning and this was followed by a farewell lunch after which the campers headed north for their homes in Sydney.

This was a fabulous opportunity for me and I would particularly like to thank Michelle and Kristen who worked with me during the week. It was a great blend of outdoor activities, teaching, and working with young people for which I’m very grateful.

Thank you to Ms Shelley for organising this wonderful experience.

Teri Roberson
Maree and Kristy say thanks

Maree Coates and Kristy Nicholls would like to thank everyone for their support in assisting to raise funds for the McCR (Monaro Committee for Cancer Research). Maree and Kristy, along with their husbands James and Will, performed scenes from the musical ‘Chicago’.

We received the People’s Choice Award on the first night of the production. The musical production was a great success with combined efforts raising in excess of $200000. This money will go into the FAS (financial assistance scheme) for families to access when they require assistance while accessing cancer related treatments.

We would like to especially thank our families and friends for their continued support and to all the members of staff and the community for contributions made over the last 3 months.

Simon’s Sports Day in Wollongong

Mum and I went from school to home to pack our bags. We then drove over the bridge near the Rodwell’s house. We went on to Cooma and then to Wollongong where we stayed with family near the beach.

The next day we found Mr Challman and we went inside the gym and met the other kids. The games I played were: lawn bowls, golf, touch football, cricket and gymnastics.

One funny person I met was called ‘Treat’. He kept using a very high pitched voice like Big Hero 6 and with his friend he bowled me over in footy. The best part of my day was a mistake I made – I let go of the golf stick, it went flying and landed with a bang in the stadium. One man said ‘You nearly hit me’, and he was laughing. His name was Chris.

Back at school the next day I thanked Mr Challman for coming with me and Ms Deighton for organising the trip. Thank you, Mum, for taking me. It was a fun time.

Simon Till

HIGHLY SUCCESSFUL WORK EXPERIENCE

A big congratulations to Teri Roberson on her week of Work Experience at Jindabyne Sport and Rec. Her work place assessment was extremely positive. Please see Teri's report in this newsletter.

OUTSTANDING PERMISSION NOTES AND PAYMENTS

There are many great things going on at Bombala High School at the moment, especially extra-curricular activities. For these to run we require the correct paperwork to be completed and handed in as well as any payment that is required. If any students have outstanding notes for the following could you please return them as soon as possible please.

If notes have been lost please see me.

Year 9 Rural Fire Service Cadet notes

Year 9-12 Taste of TAFE notes and $5.00 for transport

Construction notes and Registration notes

First Aid notes and registration fee

Minimum numbers are required for any activity which is not run at school and unfortunately these have not been met at this stage which may mean that these valuable experiences and qualifications may have to be cancelled which would be a real shame.

CHARLES STURT UNIVERSITY (CSU) MY DAYS

There are 2 open day events coming up in June: MyDay Creative Industries including Bachelor of Stage and Screen, Graphic Design and Creative Arts. This is on Tuesday 23 June 2015 at the Wagga Wagga Campus MyDay Justice and Policing is on Monday 29 June 2015 at the Bathurst Campus Please see me if you are interested in attending one of these sessions as I have the registration forms.
